ABOUT ME

I have started as a self-taught Front-End Engineer with exposure to full stack. I am very serious about my career and I am driven to be the best at what I do. I am a JS meet-ups lover and table tennis professional. If you don't believe me just give me a challenge.

EXPERIENCE

Software Engineer (Front-End)

Concentra | London | Remote | June 2020 -> Now

- Create products that delight customers (React/Typescript stack)
- Continually develop and improve code/technology
- Work on developing small scale code into full production using TDD/BDD approach where possible (React Testing Library)
- Support more junior peers where needed
- Work as part of a diverse team to solve deep technical problems
- Contribute to the Engineering culture, through the adoption of best practice

Front End Engineer

Acuris | London | April 2019 -> June 2020

- Collaborate with Product Designers, Product Managers, QA and Software
- Build React/Typescript shared components library as its own packages in mono-repo
- Style UIs by using Styled Components/SASS/CSS and write code with accessibility in mind
- Work with a React Context and React Hooks technologies
- Write documentation for UIs using React Style guide
- Develop and maintain internal CMS applications built in React/Redux/TypeScript
- Deliver clean and maintainable code in TDD using Jest, Enzyme and React Testing Library
- PR review and pair programming

Front End Developer (Freelancer)

Space Between | Ashford | April 2019 -> June 2019

Junior Front-End Developer

Space Between | Ashford | Mar 2018 -> April 2019

- Creating websites/apps using best standard HTML5/CSS3/ JavaScript practices
- Building apps in React, Redux, Saga, Node/Express/Hapi JS, jQuery, Sass, BEM, Umbraco CMS, C# razor, EJS
- Writing efficient code and communicate with APIs
- Testing work across a multi-platforms/browsers/screens
- Working in an agile environment using Jira and Kanban boards

TRAINING & ACHIEVEMENTS

Contributor Full Stack Developer

OSS | github.com/GiacomoSorbi/Katathon

Sep 2018 -> December 2018

Intern Front End Developer

Charitable Bookings | London

Nov 2017 -> Feb 2018

- Learn and develop skills in Information Technology to include website/web application developments
- Help develop user interface features for their web application/ website
